

Dokumen digital serta kemungkinan penyatuan antara perpustakaan dengan arsip

Sulistyo Basuki, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20406699&lokasi=lokal>

Abstrak

Until today, there has been a literal difference between library and archive. The difference is caused by the fact that both are still paper-based in terms of the documents they handle. With the development of digital document, the merger of library and archive under national level is then possible. The implementation depends on several factors and technologically enable.
