

Buletin keairan: media informasi kegiatan penelitian keairan

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20439908&lokasi=lokal>

Abstrak

ABSTRAK

The Research Center for Water Resources has been involved in the implementation of Weather Modification Technology (WMT) with the evaluation of results. In anticipation of further evaluation, a standard precept should be set up in the context that the implementation unit of cloud seeding is not making rain but modifying the weather.
