Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20524444&lokasi=lokal>

Abstrak

Kemampuan dalam pengambilan keputusan merupakan awal bagi remaja menentukan karir kedepannya. Menentukan keputusan karir dapat mengasah kompetensi yang berhubungan dengan karir yang ditekuni sehingga mencapai potensi dan berfungsi secara sosial. Tujuan penelitian mendeskripsikan proses pengambilan keputusan karir remaja di SOS Children's Village Jakarta dengan pendekatan kualitatif deskriptif menggunakan wawancara mendalam, dan Focus Group Discussion. Hasil penelitian: 1) tugas perkembangan remaja di SOS Children's Village yaitu mengembangkan keterampilan mengambil keputusan dan 2) proses pengambilan keputusan karir pada remaja di SOS Children's Village dilakukan melalui program CDP, IDP dan aftercare.

.....The ability to make decisions is the beginning for teenagers to determine their future careers.

Determining career decisions can hone competencies related to the career they are engaged in so that they reach their potential and function socially. The purpose of the study was to describe the career decision-making process of adolescents at SOS Children's Village Jakarta with a descriptive qualitative approach using in-depth interviews and Focus Group Discussions. The results of the study: 1) adolescent development tasks at SOS Children's Village are developing decision-making skills and 2) the career decision-making process for youth at SOS Children's Village is carried out through CDP, IDP and aftercare programs.
